On the Lexington High School gym floor last Friday night the two leading teams of Kentucky met to win or oose the Girls Championship.

The game was fast and rough from start to finish. The Lexington girls thought they had won the game when the whistle blew at the end of the first half, when the score stood 14 to 11 in Lexington's favor. Fight, fight, fight was the cry of the Paris rooters when the whistle

blew calling the two teams for the last half of the game. Ruby Elder, a sure shot, threw five field foals and four foul goals, making a total of 14 points to her

Edith Harper, Irene Alexander and Mamie L. Baldwin kept the Lexington girls on the move, never letting the opponents free for a moment. The last five minutes was intensely interesting, as Lexington would score, Paris would put one over the top. Valette McClintock threw four goals, one in the first half and three in the last half.

Lexington scored twenty-two points, but Paris would not be beaten and the last few seconds Paris made the score 24 by two shots from Capt. McClintock, thereby winning the dren of the city and county schools State Championship of Kentucky.

NOTES FROM THE Y. M. C. A.

A free employment bureau for the benefit of discharged soldiers and sailors has been established by the Bourbon County Y. M. C. A., and already several newly-made civilians have been supplied . with positions through its agency.

A soldier or sailor applying for a position reports to Secretary Z. L. Wilcox, or to Assistant Secertary O. L. Davis. These gentlemen ascertain the kind of work the applicant has been doing, and then get in touch with employers who are most likely to have these kind of jobs

In addition to this any man in a uniform is given free lodging in the Y. M. C. A. Building until he can find work. Arrangements have also been made with the local ticket agency of the Louisville & Nashville to take care of all soldiers who arrive in Paris after the Y. M. C. A. building has been closed for the evening. A special room in the dormitory has been provided for any soldier who may arrive on the last night train and they will be given free use of it for the night.

An army of 12,000 searchers will subject all the trenches and dugouts along the whole battle line to a most careful scrutiny for any evidence that may lead to identification. Passed By City Council On the Death of John T. Hinton.

When quite a young man he embarked in the furniture and undertaking business for himself, in which he continued until a short time prior to his death. By his strict business integrity, energy and courage he soon built up a lucrative business and amassed quite a fortune, most of which he invested in Paris real estate, and public enterprises in said city.

"He represented Bourbon County in the lower house of the Kentucky legislature for three successive terms, and was several times a delegate from the Seventh congressional district to the national convention of his party; and assisted in the nomination of Grover Cleveland for the presidency in 1892 and Woodrow Wilson at the Baltimore convention.

"I have never had my Neölin-soled shoes repaired as the soles always outwear the tops. The position I hold keeps me on my feet most of the time and I can say that for comfort and wear Neolin is the only shoe sole.'

Millions of others who have worn Neolin Soles think with Mr. Medlyn that they are the only soles for wear and comfort. Here's the big work, little cost tractor—the Titan

THE Titan 10-20 has been on the market for years, and has made good without reservation. 10 horsepower at the draw bar-20 horsepower at the belt.

A well-balanced tractor that is suited to all farm power work. It drives easily, affords maximum pulling power for its weight, and is suited in every way to the general run of farm work. Not too large for the small farm, yet large enough to handle a great volume

Use it with an Oliver Plow-

We recommend that you use an Oliver plow with your Titan tractor because it means the best plowing under all conditions. The combined rolling coulter and jointer buries all trash and weeds at the bottom of the furrow; the stop device maintains an even depth of furrow; the plow points enter and leave the ground first, making it possible to plow clear to the ends of the field; and the trip rope control operates easily from the driver's seat on the tractor.

We have a full line of Oliver plows as well as the Titan tractor here at our salesroom.

A mimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that

which calomel does, and just as effectively but their action is gentle and safe instead of sevene and irritating.
No one who takes Olive Tablets is ever cursed with "a dark brown taste,"

a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are purely vegetable compound mixed

The expert knowledge this man had of vegetable medicinal ingrediness. ents probably is one of the big reasons why Meritone is such an unusal medicine. After much experimenting he selected sixteen such vegetable medicinal ingredients and blended them into the one highly beneficial medicine, Meritone.

Because of its real merit, the success Meritone has gained is not sur-

Dietetic Habits.

Some people seem to think that a vegetarian is a curlosity. A rough calculation shows that the population of the world, now estimated approximately at 1,600,000,000, is said to be divided as to dietetic habits about as follows: Strict vegetarians, 250,000,-000; practically vegetarians, but eating a little fish or flesh, 450,000,000; eating meat about once a week (on high days and holidays), 500,000,000; eating meat daily and sometimes more than once a day, 400,000,000.

FORGOT WHAT HE NEEDED.

From the Republican, Mt. Giliad, Ohio: "The editor had an interesting experience some time ago, when a young gentleman came to this office and asked for a copy of the Morrow County Republican. He scrutinized it it carefully when a co him, and then said: 'Now I know!' you no more than service less good. 'What is it you are looking for,' we inquired. 'My wife sent me after a bottle of Chamberlain's Cough Remedy, and I forgot the name. I went to Dr. Wm. Riley Franklin several stores and the clerks named over everything in the line on the shelf except 'Chamberlain's' I'll try again, and I'll never go home without Chamberlain's Cough Remedy." The Republican would suggest to the proprietors of stores, that they post their clerks, and never let them substitute. Customers lose faith in stores where substituting is permitted, to say nothing of the injustice to makers of good goods and the disappointment of customers. (adv)mar)

EACH WEEK PROVES VALUE OF NEWS TO ADVERTISERS.

The papers all through Central Kentucky for the past few weeks have been brimful of sale advertisements, and it looked for a while as if the whole world of farmers had. made up their minds to leave off tilling the soil, or at least they seemed to be seeking new locations. And all this required the selection of a good advertising medium.

Every week's issue has proved the efficacy of THE NEWS as an advertising medium. Advertisers have sought the colimns of THE NEWS because they knew they would get results. They have told us so, and therefore, there is no harm in "blowing our own horn" just a little bit. SMOKING TOBACCO FACTS FROM THE **ENCYCLOPAEDIA**

The Use of Flavorings Determines Difference In Brands

The Encyclopædia Britannica says shout the manufacture of smoking topacco: "...on the Continent and in America, certain 'sauces' are employed . . the use of the 'sauces' is to improve the flavour and burning qualities of the leaves." Which indicates that a smoker's er joyment depends as much upon the flavoring used as upon the tobacco.

Your nose is a sure guide in the matter of flavorings. Try this simple test with several tobacco brands: pour some tobacco into your palm, rub briskly, and smell. You will notice a distinct difference in the fragrance of every difference in the fragrance of every brand. The tobacco that smells best to you will smoke best in your pipe, you

can rest assured. Carefully aged, old Burley tobacco, plus a dash of pure chocolate, gives TUXEDO Tobacco a pure fragrance your nose can quickly distinguish from any other tobacco. Try it and see.

MUNSON AND WIFE REFUSE TO TESTIFY AT TRIAL.

Acting on the advice of their attorney, Frank Munson and his wife, Mrs. Hannah Munson, declined to testify at the inquest and also at the preliminary trial in the case of Chas. Foley, who was killed last Sunday at 721 Millwood avenue, in Cincinnati, when Munson found him with Mrs. Munson at a boarding house. Munson was released on \$2,000 bond, and expects to return to his six small children at Hutchison, with his wife, pending the hearing of the murder charge against him.

Foley was arrested in this city some months ago by Chief of Police Link and Patrolman Lusk on a charge of evading the selective draft laws. When searched a registration card was found in his possession, which upon investigation, was found to be a fraudulent one. He was given a hearing in the court, but was released, as a conviction could not be obtained. He returned to Hutchison,

where he had remained since. Foley's body was buried by the city of Cincinnati in the "potter's field" Wednesday. Relatives of Foley were unable to provide means of giving the body interment, Coroner Bauer was notified.
